About the Workshop

A professional development opportunity to learn and connect with the history, principles, and practices of arts-based community development. Course will consist of pre-workshop materials available online, guest speakers, discussion of creative placemaking practices and principles, two site visits, and a mock design charrette with the UW Extension Community Vitality & Placemaking team.

At the end of the course students will have an understanding of the principles and processes of creative placemaking; criteria for developing and assessing creative placemaking efforts; and best practices for building creative placemaking partnerships.
